

Feature:

Medium UV-A light intensity

Medium beam spread

4 length options

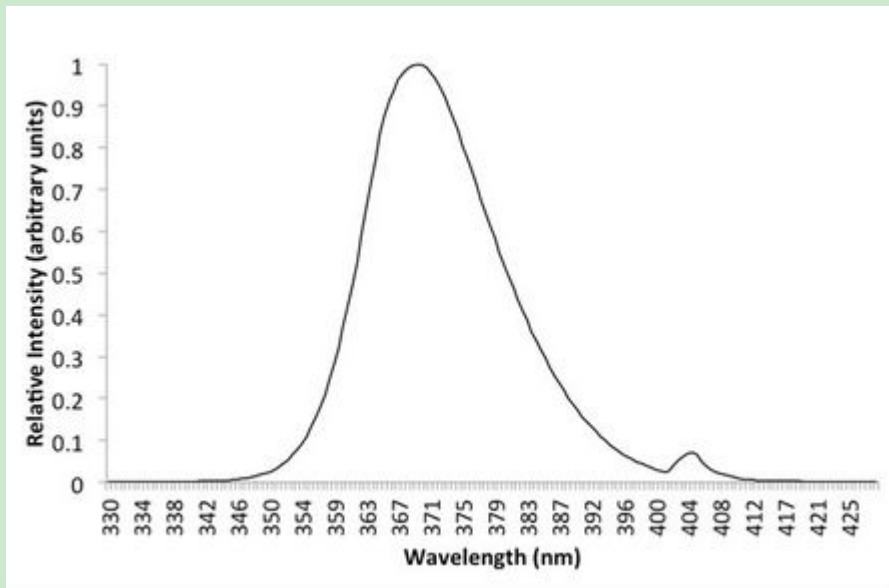

Waterproof

220 - 240 V / 50 - 60 Hz

100 - 277 V / 50 - 60 Hz option available

UV light spectral output

UV light spectral output within the wavelength range 315 nm - 400 nm.

UV tubes	2 x 36 W (48") blacklight blue
Useful life of UV blacklight blue tubes	Approximately 3,000 hours depending on age, environment, switching and cooling

Reflector	Aluminium - UVL full spectrum grade
Power supply	100 - 277 V / 50 - 60 Hz
Power	72 W
Fuse protection	3 A
Weight	6 Kg
Operating environment temperature range	0oC - 50 oC
Rating	IP 65
RoHS compliant	Yes
